Examination Preparation

Ultrasound all exams 30 - 60 min.

Abdomen (including gallbladder, liver, aorta, spleen, pancreas)
• nothing to eat or drink from 10 pm night before until completion of exam

Renal
• do not empty bladder for 2 hrs prior to examination
• under 10 years, try not to empty bladder 1 hr prior to exam

Combined Abdomen & Pelvic Scan
• nothing to eat from 10 pm until completion of exam plus
• follow instructions of pelvic scan below

Pelvic or Obstetric Scan
A full bladder is essential
• Start drinking four 8 oz. (250ml) glasses of fluid (32 oz. / 1 L total) (except milk or carbonated drink) 2 hours prior to exam.
• Finish drinking above fluids 1.5 hours prior to exam
• Do not void until after scan
• Patients in the last 8 weeks of pregnancy require only 16 oz (500 ml) of fluid

All other scans require no preparation.
